DARKNESS

As a Cloak to Cover Escape.

CERVERA'S
DESPERATE PLAN.

Will Attempt to Pass Single File by Merrimac Wreck. Sometime Soon.

STILL A CHANCE FOR A NAVAL BATTLE.

MOLE ST. NICHOLAS, June 22.—The Cubans report that Cervera is preparing to make a desperate effort to escape from Santiago.

He will attempt to leave the harbor on a dark night some time in the near future. It is generally believed that the Merrimac wreck can be passed single file.

Cervera realizes that to remain in the bay is certain defeat and destruction.

There is still a chance for a naval battle, for the Americans will not relax their vigilance, and the Spanish ships must fight if they succeed in leaving the harbor.

5,000 CUBANS SURROUND SANTIAGO.

Scripta-McLure League Service.

WASHINGTON, D. C., June 22.—(Special)—The War Department this afternoon received a long report from General Shafter.

All troops have been landed.

One Cuban was hurt by an American shell in the hills.

No resistance was offered the landing party.

The forces are now engaged in landing the siege guns, horses and heavy supplies.

Five thousand Cubans surround Santiago.

OUR TROOPS

ARE LANDED.

The Debarkation Met

With Little Or No Resistance.

WASHINGTON, June 22.—Official dispatches received by both Secretary Alger and Secretary Long, indicating that the landing of troops near Santiago was progressing most favorably.

The first landing was effected at Daiquiri and met with comparatively slight resistance. This was stated in a dispatch received by Secretary Alger, which, though brief, was full of news and meaning. It follows:

"PLAYA DEL ESTE, June 22.—Secretary of War, Washington: Landing off Daiquiri this morning successful. Very little, if any, resistance. SHAFTER."

Secretary Alger expressed himself as delighted at the expedition with which the landing of the troops was being effected, and with the fact that no serious obstacle was being afforded by the enemy. He construed the text of Gen. Shafter's message that the enemy had made merely a nominal and ineffective resistance by firing from the hills at long range.

Shortly after Secretary Alger received his dispatch Secretary Long received a more extended telegram from Admiral Sampson. It, too, was dated at Playa del Este, at 6:30 last evening. The text of the dispatch, translated from the Navy Department cipher, is as follows:

"Landing of the army is progressing favorably at Daiquiri. There is very little, if any, resistance. The New Orleans, Detroit, Castine, Wasp and Suwanee shelled vicinity before the landing. We made a demonstration at Cabanas to engage the attention of the enemy. The Texas engaged the West battery for some hours. She had one man killed. Ten submarine mines have been removed from the channel of Guantanamo. Communication by telegraph has been established at Guantanamo."

"SAMPSON."

CAUSED BY WILD-EYED RUMOR.

An Anti-British Demonstration Occurred In Cadiz.

Scripta-McLure League Service.

CADIZ, June 22.—An anti-British demonstration occurred here yesterday as a result of apprehension that the Americans intended to bombard Cadiz and the forts on the Spanish coast.

This was caused by a rumor that a vessel was carrying a merchant ship vessel reporting that it was chased by an American warship in the English channel.

Good Example.

Dr. J. D. Clardy, of the Second district, has returned home from Washington. Congress has not adjourned yet. Scripta-McLure League Service.

NEW LONDON, Conn., June 22.—(Special)—The great collegiate boat race between the crews of Cornell, Harvard and Yale took place here at 12:30 o'clock today in the presence of a vast assembly of cheering people.

Cornell won the race. Yale was second.

The victory was especially well won, as Cornell was not on her own race course.

Cornell won the race at Poughkeepsie, and had, therefore, the right to choose the course, but gracefully yielded to the solicitation of two New England colleges to race on the Thames, which for eighteen years has been the scene of a more or less of college races, principally between Harvard and Yale.

To-day's race was set for yesterday, but had to be postponed on account of inclement weather.

Tobacco and tea were somewhat disturbed in prices last week, owing to the war tax recently imposed by Congress. In both branches of trade, manufacturers and jobbers have been busy taking inventories preparatory to making returns to the Government of stocks on hand.

No definite scale of prices for tobacco has yet been decided on, but it is certain there will be advance all along the line.

Tea has already advanced 4½ to 5 cents per pound, with prospects for higher prices when the old stocks have been replaced and the ten cents per pound war tax is in full effect.

No Trouble About Stamps.

Internal Revenue Commissioner Scott says that new stamps will be ready when wanted. If not, postage stamps with "U. S." stamped across the face will be temporarily used.

The L. & N. Restoration.

There is every reason to believe that the long promised restoration of wages will be made by the Louisville and Nashville railroad on July 1.

To the 17,000 men employed by the big system the announcement means much. The cut has been on since August 1, 1906.

It is reported that the restoration will be one-half; that all the officials who received \$1,000 and over, and who were cut 50 per cent, while those receiving less than \$4,000 will have an increase of 5 per cent.

Fourth of July Rates. The L. & N. will sell round trip tickets for any station upon this line and on N. O. & N. E. R. R. at one and one-third (133) fares July 2nd, 3rd, 4th, and 5th, good returning on or before July 7th.

MAJ. GEN. MERRITT.

(SPECIAL TO NEW ERA)

San Francisco, June 22.—Maj. Gen. Merritt may sail for Manila on the cruiser Philadelphia, which has just received orders to be ready for sea by July 1st.

The prospective Governor-General of the Philippines is anxious to reach the islands as soon as possible, and it has been assumed that he would go on the Philadelphia, of the third fleet of transports. However, he would be somewhat hampered by the slow progress of this vessel, while if he goes on the Philadelphia he will probably reach Manila fully as soon as the troops under Gen. McArthur.

Maj.-Gen. Otis will go with the fourth squadron.

J. M. Adams, Agt.

A stomachful of undigested food is one of the most common causes of indigestion and is a source of much trouble.

What can be done with it? There it stays. It churns up, ferments and decays; becomes poisonous (as all putrid matter does) and causes great pain and deep-seated disorders.

In order to change all this, take Shaker Digestive Cordial.

It stops fermentation and decay at once, so that no more poisons are created.

It clears the stomach of poisons already there. It helps to turn the food that remains into healthful nourishment. It strengthens the stomach for the next meal.

Here is the whole philosophy and cure of indigestion in a few words. And what a relief it is! It is all true. Try it. (133) fares July 2nd, 3rd, 4th, and 5th, good returning on or before July 7th.

THIRD REGIMENT NOTES.

Since the heavy rain of last Sunday the camp has been in fine shape, and there has been some pleasure in living for the boys of the Third. Nevertheless Col. Smith says as soon as the ground is thoroughly dry, the camp will be moved half a mile South and just back of the 8-second Wisconsin. This is an admirable location for a camp, being close enough to the river, not more than a mile from the depot, with a water main close to the camp; it will also be that much nearer the Second Kentucky.

The men have most of their clothing, but some of the men are still supplied because of size.

The officers have no hope of getting their ordnance equipment under a week but still maintain that they will be the first Kentucky regiment to go to the front.
